

# **FMCAD 2013**

## **Business Meeting**

# Co-location

- **MEMOCODE** (Friday, Saturday)
- **DIFTS** (Saturday)
- **FMCAD/MEMOCODE Tutorial** (Sunday)
- **FMCAD Main Conference** (Monday – Wednesday)

## We believe the co-location was good idea

- Publicity helped sponsorship
- Reinforcement through cooperation in local arrangements
- **One complexity:** Keeping expenses/invoicing separate

# Submissions and Review

- 101 pre-submissions
- 79 submissions
- 30 accepted (23 regular + 7 short)
- At least 4 reviews per paper

# Authors: Country Breakdown

# Event

- **Program (tutorial day + 3 main days)**
  - **Accepted papers** (presented in 8 sessions)
    - 23 regular (25min) + 7 short (15min)
  - **Invited**
    - 4 tutorials, 2 invited talks, 1 panel
  - **HWMCC 2013**
  - **Student Forum** (Monday afternoon)
- **New Feature: Student Forum**
  - Thanks to Thomas for organizing
  - 14 posters selected out of 29 submissions

# Committee

- **Organization committee**
  - **General/Program chairs:** Barbara and Sandip
  - **Local arrangement:** Joe Leslie-Hurd
  - **Student form:** Thomas Wahl
  - **Publication:** Julien Schmaltz
  - **Tutorial:** Malay Ganai
  - **Publicity:** Chao Yan
  - **Webmaster:** Shilpi Goel
- **Program committee**
  - 35 PC members (61% from academia, 39% from industry)

# PC: Country Breakdown

# Sponsors

Special thanks to Vigyan!

# Attendees

- 131 registered attendees

- Japan
- Taiwan

- Austria
- United Kingdom
- France
- Sweden
- Netherlands
- Switzerland
- Italy
- Spain
- Finland

# Attendees: Academia vs. Industry

43 Students (30% of attendees): 14 Europe, 29 US

# Comments

- Slight emphasis on applications this year, when selecting invited/tutorial speakers
- A key theme has been students and education
- Student Forum had significant response
- Co-location is generally a good idea, if logistics can be easily worked out (and the chairs of the co-located event are friendly)
- FMCAD is in need for a new (or at least high-resolution) logo 😊
