

SEU_Jolly

1. Our players play different roles in our team. The main factors are as follows:
 - a. the distance from himself to ball;
 - b. his number.
2. First of all, the agent will judge by his sight if he is the fastest one to ball in his team. If he thinks himself as the fastest, he will dribble or shoot;
3. And if he is not the closest one, he will find a good direction to move. And the good direction depends on the position of the ball and the position of other teammates. The basic rules to decide the direction is as follows:
 - a. Keep himself move near the ball;
 - b. Avoid himself collided with other players.
