

# Discipline in Thought

## [Denken als Discipline]

From Noorderlicht, a Dutch science program that profiles prominent scientists and their accomplishments.

This program was filmed primarily in Austin, Texas.  
It was first aired on April 10, 2001.

The screenshot shows the website for the program 'Denken als Discipline' (Thinking as Discipline) about Edger W. Dijkstra. The page features a header with the Noorderlicht logo and navigation buttons for 'Denken', 'In tv', and 'Dk'. The main content area includes a title 'DENKEN ALS DISCIPLINE', a subtitle 'AFLEVERING 27', and a brief description of Dijkstra as a prominent computer scientist. A large image shows a close-up of handwritten mathematical notes with recursive formulas like  $T(n) = T(n-1) + 1$ . Below this is a portrait of Edger W. Dijkstra. To the right, there are several text blocks: 'Van Rotterdam via Leiden en Amsterdam naar Texas', 'Aan tafel met vijf filosofen Over 'deadlock' en 'fairness'', and 'Informatica gaat met 20 min over computers als astronomie over telescopen'. A 'NEUWS' section reports on Dijkstra's death in August 2002. A 'VIDEO' section lists related content, and a 'BILLAGES' section includes a link to a book review. The footer contains the URL 'http://www12.spr.nl/~wetenschap/index.htm?ID=20010410+20010410+1900225' and 'Page 1 of 1'.
