CS343
Artificial Intelligence

Prof: Peter Stone

Department of Computer Science
The University of Texas at Austin

Good Afternoon, Colleagues

Good Afternoon, Colleagues

Are there any questions?

Logistics

- Next week: spring break

Logistics

- Next week: spring break

- Next readings: fewer pages, but technical

Logistics

- Next week: spring break

- Next readings: fewer pages, but technical

  – Parts of chapters 14 and 15 (more Bayes nets)

Logistics

- Next week: spring break

- Next readings: fewer pages, but technical
  - Parts of chapters 14 and 15 (more Bayes nets)

- Then some machine learning

Logistics

- Next week: spring break

- Next readings: fewer pages, but technical

  – Parts of chapters 14 and 15 (more Bayes nets)

- Then some machine learning

- Finish with some planning (or robotics, language, vision... we'll see)

Logistics

- Next week: spring break

- Next readings: fewer pages, but technical

  – Parts of chapters 14 and 15 (more Bayes nets)

- Then some machine learning

- Finish with some planning (or robotics, language, vision. . . we'll see)

- Tournament!

Survey

- **Programming Assignments** — good

Department of Computer Sciences
The University of Texas at Austin

Survey

- **Programming Assignments** — good
- **Readings** — more mixed

Survey

- **Programming Assignments** — good
- **Readings** — more mixed
  - Some people like the textbook a lot

Survey

- **Programming Assignments** — good
- **Readings** — more mixed
    - Some people like the textbook a lot
    - "Have trouble staying awake while reading the textbook"

Survey

- **Programming Assignments** — good
- **Readings** — more mixed
  - Some people like the textbook a lot
  - "Have trouble staying awake while reading the textbook"
  - "I'm not a huge reading person

Survey

- **Programming Assignments** — good
- **Readings** — more mixed
  - Some people like the textbook a lot
  - "Have trouble staying awake while reading the textbook"
  - "I'm not a huge reading person
  - There were a lot of parts that did not contribute to the understanding of the concepts used in his class and could have been trimmed in the readings.

  - Some people like the textbook a lot
  - "Have trouble staying awake while reading the textbook"
  - "I'm not a huge reading person
  - There were a lot of parts that did not contribute to the understanding of the concepts used in his class and could have been trimmed in the readings.
- **Written responses**
  - Exercise recommendations, want solutions

Survey

- **Classroom sessions** — more mixed

Survey

- **Classroom sessions** — more mixed
  - Less time on readings; more time on readings

Survey

- **Classroom sessions** — more mixed
  - Less time on readings; more time on readings
  - Lecture a day or two behind

Survey

- **Classroom sessions** — more mixed
  - Less time on readings; more time on readings
  - Lecture a day or two behind
  - Like group exercises (mostly)

Survey

- **Classroom sessions** — more mixed
  - Less time on readings; more time on readings
  - Lecture a day or two behind
  - Like group exercises (mostly)
- **Midterms** — nobody likes them

Survey

- **Minor**
  - Easier to get to all the slides
  - Encourage to change seats
- **"It's a huge time commitment – I spend more time doing reading/programming for this class than for any other class."**

Pending Questions

- How big an environment ok for TD?

- How pick features?

Rest of Today

- Finish RL slides

- RL for robot soccer keepaway

- Some history

- (General game playing)
