CS394R/ECE381V
Reinforcement Learning:
Theory and Practice

Amy Zhang and Peter Stone

Departments of ECE and CS
The University of Texas at Austin

Good Morning Colleagues

- Are there any (logistics) questions?

Logistics

- Final projects due Monday

Logistics

- Final projects due Monday

- All late work due Saturday

Logistics

- Final projects due Monday

- All late work due Saturday

- writeup length; video objectives

Multiagent RL (MARL)

- Rock/paper/scissors

Multiagent RL (MARL)

- Rock/paper/scissors

- Play 20 rounds vs. me

Multiagent RL (MARL)

- Rock/paper/scissors

- Play 20 rounds vs. me

  – 1 point per win; 0 points per tie; -1 points per loss
  – keep track yourself

Multiagent RL (MARL)

- Rock/paper/scissors

- Play 20 rounds vs. me
  - 1 point per win; 0 points per tie; -1 points per loss
  - keep track yourself

- Now play 20 rounds vs. your partner

Multiagent RL (MARL)

- Rock/paper/scissors

- Play 20 rounds vs. me

  - 1 point per win; 0 points per tie; -1 points per loss
  - keep track yourself

- Now play 20 rounds vs. your partner

- What was the difference?

How You've Learned about RL Theory and Practice

- You read

- You learned actively in class

- You answered EdX questions

- You did programming assignments

- You studied for the midterm

- You're doing a final research project

How You've Learned about RL Theory and Practice

- You read

- You learned actively in class

- You answered EdX questions

- You did programming assignments

- You studied for the midterm

- You're doing a final research project

- Syllabus recap

Discussion Points

- Does RL matter?

Discussion Points

- Does RL matter?

- What were your biggest misconceptions about RL?

Discussion Points

- Does RL matter?

- What were your biggest misconceptions about RL?

- Are there any important ethical concerns related to RL?

Discussion Points

- Does RL matter?

- What were your biggest misconceptions about RL?

- Are there any important ethical concerns related to RL?

- What was most difficult about this course?

Discussion Points

- Does RL matter?

- What were your biggest misconceptions about RL?

- Are there any important ethical concerns related to RL?

- What was most difficult about this course?

- What did you like most about it?
